## SWISS WELLNESS RECIPES FOR EVERYDAY NEEDS

**Just** products are based on wellness recipes that use ancestral practices with medicinal herbs to meet daily needs. At the heart of each of our formulas are the restorative powers of plants native to the Swiss Alps with potent active compounds that provide extraordinary wellness and beauty properties. Through advanced research and development techniques, **Just** uses science and innovation to create products based on pure essential oils and natural plant extracts.

NATURAL + PURE + SAFE + EFFECTIVE

## ORIGIN, CULTIVATION AND OUR EXCELLENCE IN QUALITY PROMISE

- » Our Passion for Excellence is exemplified by bringing out the purest form of nature.
  - » Origin and cultivation play a crucial role in the selection of our ingredients so each one is **Purity and Identity Tested** following European and US Pharmacopeia standards.
  - » To give **Just** products their unique character and effectiveness, we carefully select Swiss farming partners that maximize organic sources and that offer fair trade practices, creating sustainable economic activity and nurturing the environment.
  - » In addition to our Swiss farm partners, we have a robust global farm supplier network, where we select only 100% pure essential oils and plant extracts that meet the highest quality, concentration and purity.
  - » With manufacturing plants in Switzerland and the Americas, **Just** continues to bring the Excellence of Nature to the whole world.
- Our Consultants will help you find the perfect products for you, making your shopping experience easy and enjoyable.

## OUR GALENIC MASTERS

Our Research and Development Team is composed of Galenic Masters who work on the creation of product formulations with naturally based components that offer wellness solutions for the whole family.

Based on the principles of aromatherapy and Galenic formulation processes, we combine essential oils and plant extracts in a synergistic manner optimizing their aromas and their absorption.

**AROMATHERAPY**

## THE ART OF CREATING SPECIAL MOMENTS

All our essential oils come from the place in the world where the best crop is found, so that our Customers experience the best quality. Each drop must meet the highest quality standards established in the German and US pharmacopoeias to establish its unique and unmistakable “fingerprint”. To guarantee the purity of our essential oils we submit them to a gas chromatography for analysis and each and every batch goes through an organoleptic evaluation panel, which helps control that aromas, textures and colors remain consistent between batches. Choose from 11 essential oils to meet your every need. Select the one that best suits your specific moment and immerse yourself in the intense aromas of luxurious **Just Essential Oils**. An essential oil for every need.

## WAYS TO ENJOY JUST ESSENTIAL OILS

### **Burner/Ultrasonic Diffuser:**

Add 5 drops of essential oil into hot water.

**Tissue:** Put 1-2 drops of essential oil on a tissue, rest lightly on your face and inhale.

**Pillow/Air/Body:** Blend your favorite essential oil into the Aromablends Mist and spray on your pillow, clothes, body or directly into the air for a quick change of mood.

**Body Massage:** Dilute 3-5 drops of essential oil in a teaspoon of Aromablends Body Lotion or Body Oil.

**Inhalations:** Add 5 drops to ½ liter of boiled hot water, cover head with towel and lean over the bowl for direct inhalations. Add 5 drops in a pot of boiling water so that the molecules of essential oils diffuse into the air.

**Baths:** Add 3 drops to a sitz bath. For a hand or foot bath, add 5 drops blended into bath salts or any Just Bath, to prevent them from floating on the surface of the water.

**Compresses:** Place 3 drops in cold or warm water depending on need. Soak a washcloth and apply to the desired area. Re-soak the cloth each time it loses the desired temperature.

**Direct application:** Place 2 drops on the desired area.

**Mouthwash:** Add 2 drops in a glass of either cold or warm water and rinse.

**5 ml / 0.16 fl.oz. · Code 1035 · \$18**

**Warning:** Do not ingest. Do not apply product directly to skin without diluting in an **Aromablends** carrier. Just cream or lotion. It is advisable to perform a skin patch test on the inner part of the forearm to make sure that the product does not cause skin irritation. Pregnant women should not use essential oils without the consent of their healthcare provider or physician. Peppermint, Rosemary and Jasmine essential oils are not recommended during pregnancy and breastfeeding. Citrus oils increase photosensitivity of the skin and should not be applied on the skin before sun exposure. In children and elderly people dosage should be half of that recommended for adults.

## AROMATHERAPY BY DESIGN

**SKIN & BODY CARE**

## YOUTHFUL, FRESH SKIN FROM WITHIN

The **Vital Just** line was developed in the **Just** Research and Development labs in Walzenhausen, Switzerland. Nestled in the heart of the beautiful Swiss Alps, the exquisite natural environment served as the inspiration for the use of new and unique ingredients that mean real innovation for skin care, taking into account each woman's individual needs.

Its **Alpine Moisture Complex** manages to encapsulate Swiss Glacier Water and Edelweiss flower extracts inside microscopic transporting liposomes, which quickly and efficiently penetrate the skin. These liposomes deliver and release active ingredients where the skin needs it most, deeply hydrating and protecting it against free radicals and harmful environmental effects.

**Snow Algae extract** - which grows at 9800 feet above sea level - activates longevity properties in skin cells, reducing the depth of wrinkles and restoring luminosity and radiance to the skin.

**Vital Just** also combines various essential oils and extracts from a wide range of flowers with unique skin caring properties which give each product added potency and efficiency.

Create your own beauty care ritual to meet your skin's specific needs.
